

Kaleidescape Movie Store on Strato

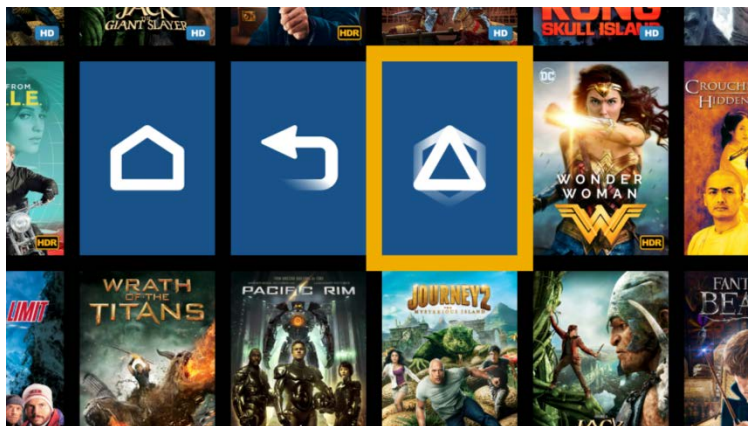

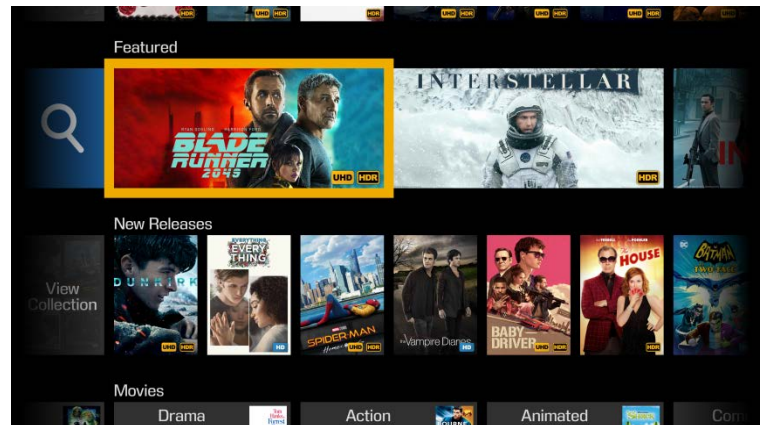

DRAFT v.1

Now You Can Browse and Buy on Your Big Screen

The Kaleidescape Movie Store on Strato is a new and entertaining way to find movies you'll love. The innovative Pivot feature makes exploring the store's thousands of titles an adventure that can be enjoyed with family and friends, as you browse together in comfort, using just your remote control. This unique shopping experience uses engaging animations to reveal connections between movies – from classic titles to the latest releases – making it easy and fun to find special content for you and your family.

Featured Movies and Curated Collections

Discover new and rich content with the featured titles and curated collections highlighted on the Home screen. They are frequently updated by Kaleidescape's movie experts, who draw upon years of experience and a passion for filmed entertainment.

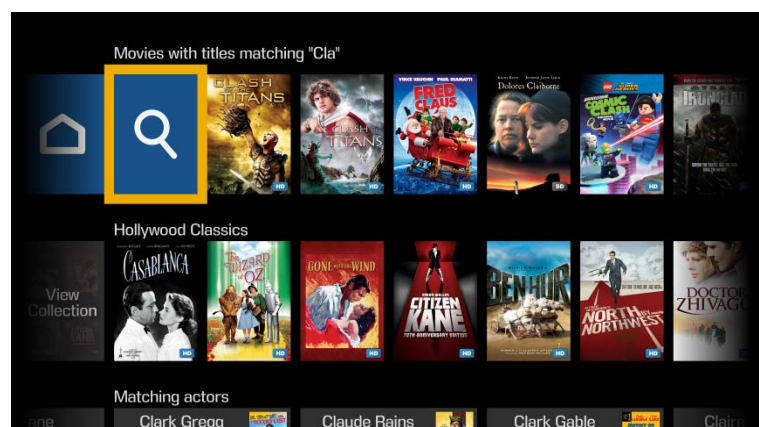

Pivoting Entertainment

Spot a movie you like? Use the Pivot feature to find more great movies just like it.

Be dazzled by the animated movie covers as each Pivot shuffles between different groups of related movies.

Powerful Search

Save time and find exactly what—or whom—you want with a search that matches by movie title, actors or directors, curated collections, and genres.

Getting Started with the Movie Store on Strato

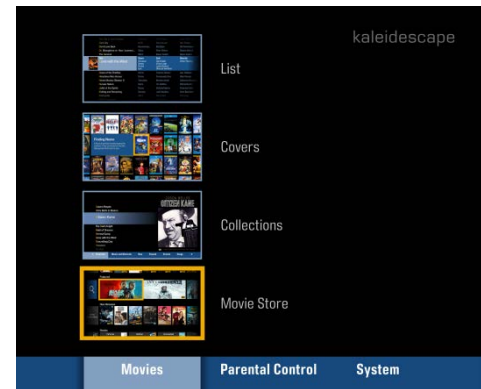

- ▶ Navigate to the Movie Store using one of the methods shown below:

Cycle through the Movie places.

- OR -

Use the Menu button to find and choose the Movie Store place from the main menu.

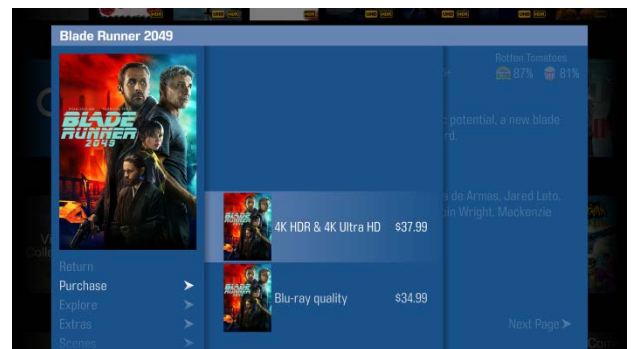

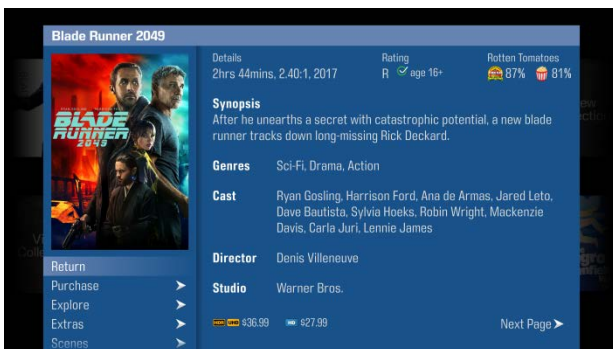

- ▶ Dive into a covers view of all available movies, or one of the curated collections, by selecting the "All Movies" or "View Collection" tiles. Select the magnifying glass to search.

- ▶ Jump to related movies by navigating left and selecting the Pivot tile, or just press the **Shuffle** button on the remote control. Repeated pivots cycle through related movies, like movies from the same director, movies starring the same actors, and movies from similar genres or collections.

- ▶ Press **OK** on a movie cover to view movie details, access the Explore menu, and make purchases.

- ▶ Purchased movies download automatically, and can be found in your player's "New" collection. Download progress is monitored from the player's main menu: **System** → **Status** → **Downloads**.
