

# Nest Wifi

## Pocket Guide

For RSA use only

# Meet Google Nest Wifi

Nest Wifi blankets your whole home in fast, reliable Wi-Fi.<sup>1</sup> It automatically updates itself to get new features and help your network stay safe. Nest Wifi points have a speaker with the Google Assistant for extra help around the house. The Nest Wifi system comprises a router and at least one Wifi point to give you coverage in every corner.

<sup>1</sup> Home size, materials and layout can affect how Wi-Fi signal travels. Larger homes or homes with thicker walls or long, narrow layouts may need extra Wifi points for full coverage. Strength and speed of signal will depend on your internet provider.

# Get up to speed with Nest Wifi's features, with our easy to remember 'SPEED':

## Stay Connected

Whole-home Wi-Fi that's fast, secure, and always optimized.

## Peace of Mind

Easy setup, parental controls, device prioritization, and more – all in the Google Home app.

## Ecosystem

Nest Wifi gives you seamless connectivity for thousands of compatible devices and Nest Wifi points have a speaker with the Google Assistant to control devices with your voice.<sup>1</sup>

## Elegant Design

The Nest Wifi router's external enclosure is made from 45% post-consumer recycled plastic, while the Nest Wifi point's external enclosure is made from 40% post-consumer recycled plastic and with soft, natural curves, Nest Wifi was designed with both your home and your world in mind.

<sup>1</sup> Minimum OS requirements are available at [g.co/nestwifi/req](https://g.co/nestwifi/req).

## S is for Stay Connected

Nest Wifi covers your entire home in reliable coverage and works behind the scenes to prevent buffering from happening.

**Sound good?**

**Let's take a closer look.**

# S is for Stay Connected

## Simple Setup<sup>1</sup>

Nest Wifi is simple to use and easy to set up on the Google Home app, no matter how tech-savvy you are.<sup>1</sup>

## Security that's a step ahead

Nest Wifi automatically updates its security to keep your network safe and sound.

## Coverage in every corner<sup>2</sup>

No more annoying dead zones. Cover your whole home with fast, reliable Wi-Fi.

## Stream with speed<sup>2,3</sup>

Don't let buffering keep you from watching your favorite shows. Stream them, there and then - in any room in the house, on any device.

<sup>1</sup> Minimum OS requirements are available at [g.co/nestwifi/req](https://g.co/nestwifi/req).

<sup>2</sup> Home size, materials and layout can affect how Wi-Fi signal travels. Larger homes, homes with thicker walls, or long, narrow layouts may need extra Wifi points for full coverage. Strength and speed of signal will depend on your internet provider.

<sup>3</sup> Strength and speed of signal will depend on your internet provider.

## Simple setup

**There's nothing worse than lots of cables, tiny instructions and no idea how to get started.**

With easy instructions guided by the Google Home app, it only takes 10 minutes to set up.

## How to: Set up Nest Wifi

1

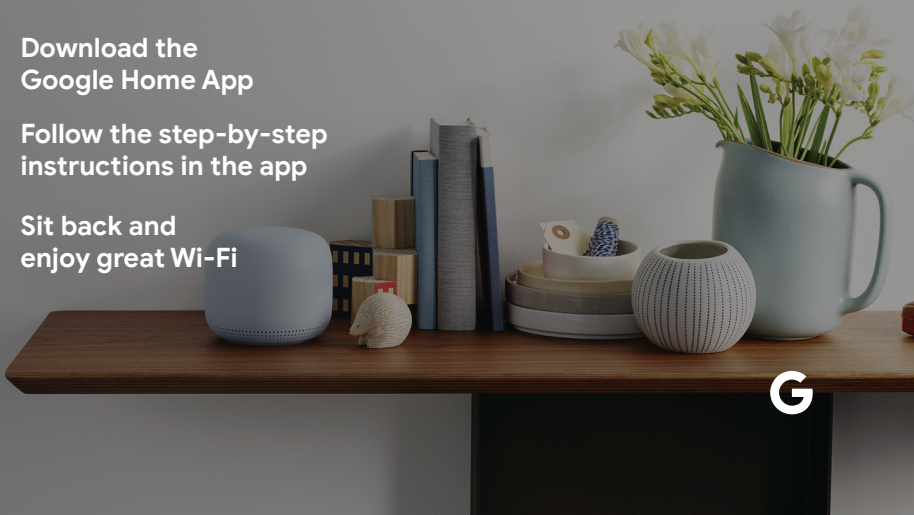

Download the  
Google Home App

2

Follow the step-by-step  
instructions in the app

3

Sit back and  
enjoy great Wi-Fi

## P is for Peace of Mind

Get peace of mind with easy setup, parental controls, device prioritization, and more – all in the Google Home app.

**Let's take a closer look.**

# The new way to Wi-Fi

## Easy to use Wi-Fi control

Check your speeds, share your password, and create guest networks, all from your phone.

## Parental peace of mind

No more dinnertime drama or website worry. Block it, time it or restrict it - Nest Wifi has your back. Turn on parental controls in the app or say, "Hey Google, pause Wi-Fi for Dylan's devices,"

## Prioritize devices

For when you're in the gaming zone or on a business call. Whatever your priorities, you can select a specific device to get faster speeds.

## Parental peace of mind

### Need a hand keeping your children safe online?

With Nest Wifi's parental controls, you can restrict time online, block some sites altogether, and schedule the time your kids spend online.

## How to: Use parental controls

1

Open the Google Home app and tap “Wi-Fi”

2

Go to  
“Family Wi-Fi”

3

Tap to pause or unpause  
groups of devices

## E is for Ecosystem

Nest Wifi offers connectivity for thousands of compatible devices. Plus the Nest Wifi point isn't just any Wi-Fi point, it has a speaker with the Google Assistant, which allows you to control connected devices with your voice, plus play music, get answers to questions, control your network and more!

**Let's find out more.**

## E is for Ecosystem

### Hands-free help around the house

Sometimes you need a little help. Nest Wifi points have a speaker with the Google Assistant, so you can use your voice to pause the Wi-Fi, play music, and much more.<sup>1</sup> Just say, “Hey Google, play my party tracks on all speakers” to get in the groove.

### Manage your connected home<sup>2</sup>

With the Google Home app, it's easy to add, set up and manage your connected devices.

### Built for the Google ecosystem

No need to switch between apps. Nest Wifi gives you seamless setup and connectivity to thousands of devices, all in one app.

<sup>1</sup>Controlling certain devices and features in your home requires a compatible smart device. The Wifi point is optimized for selected services only.

<sup>2</sup>Controlling certain devices and features in your home requires a compatible smart device. Minimum OS requirements are available at [g.co/nestwifi/req](https://g.co/nestwifi/req).

## Hands-free help around the house

**It's early. You're not a morning person. The alarm is going off and you need a coffee. A little help goes a long way.**

Since the Nest Wifi point has a speaker with the Google Assistant, simply say “Hey Google, good morning” and let Google turn off your alarm, turn on the coffee machine<sup>1</sup> and give you your schedule for the day ahead.

<sup>1</sup> Controlling certain devices and features in your home requires a compatible smart device. The Wifi point is optimized for selected services only.

## How to: Set up custom routines

1

Open the Google Home app

2

Select Routines

3

Create a new dinnertime routine that includes Wi-Fi pause

## ED is for Elegant Design

With its soft, natural curves, Nest Wifi was designed with the home in mind. Nest Wifi points come in several colors, so they blend in wherever you need extra coverage.

**Let's take a peek.**

# ED is for Elegant Design

## Elegant design

Wi-Fi systems work best when they're not hidden away. Nest Wifi looks great and fits seamlessly into your home.

The Nest Wifi point is also designed to function as a speaker, saving you space. Plus, the power of Nest Wifi means you need fewer devices to get great coverage.

## Multiple colors

Keep it neutral or add a pop of color - Nest Wifi points come in several colors, so they blend in with your decor.

## Thoughtful lighting

Simple and unobtrusive lighting to let you know your network is running and when the Google Assistant is activated.

## Thoughtfully designed

Nest Wifi is made with your home, and the world, in mind. The router enclosure is made from 45% post-consumer recycled plastic, and the point enclosure is made from 40% post-consumer recycled plastic.

## Thoughtful lighting

### Want to know your queries are heard?

When the Google Assistant is listening, a helpful indicator light will emit from the bottom, so you know your command is being heard.

## Thoughtful lighting

1

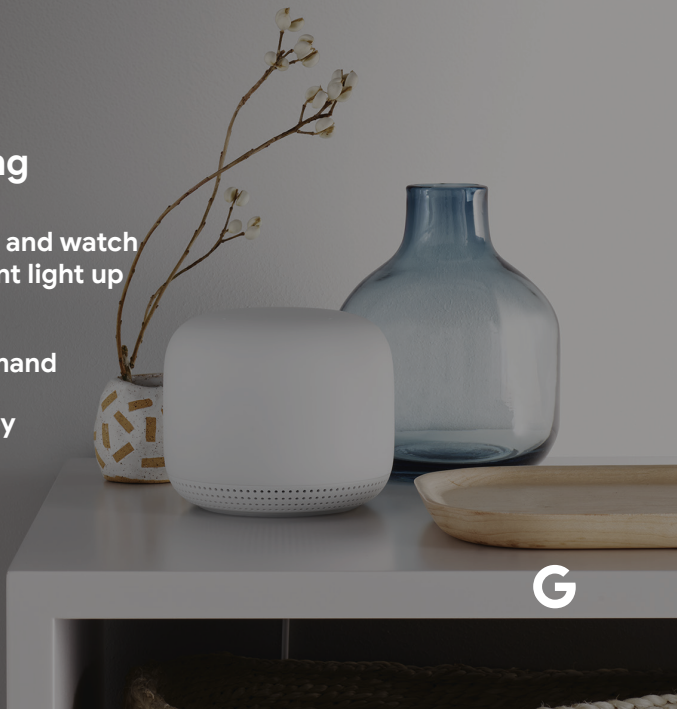

Say 'Hey Google' and watch the Nest Wifi point light up

2

Give the Google Assistant a command

3

Sit back and enjoy hands-free help!
