

ORRO + Control4

## Orro Now Integrates with Control4

Orro is the first company to combine unified home control with adaptive, automatic lighting. Without any special wiring or programming, Orro adjusts lights based on the time of the day, the amount of light in the room and presence detection using powerful built-in sensors. Orro intelligently provides the ideal levels of light at any time of the day. Soft lights in the morning and night.

## About the Orro One Pro Switch

The Orro One Switch offers a streamlined control system and adaptive lighting solution in one. With Orro's small but powerful LCD touchscreen, control the thermostat, locks, music, doorbells, intercom and more, from every room of the house.

### ORRO LIGHTING & CONTROL4

Bring Orro's intelligent lighting capabilities into a Control 4 system.

### GO BEYOND 6 SCENES

Users are able to activate Control4 scenes on any Orro switch and aren't limited to six scenes.

### POWERFUL SENSORS

Leverage Orro's Presence Detection (built-in sensors) to trigger any Control4 action, such as bringing down the shades or starting some music.

### ACTIVATE ALEXA

Use Orro's Built-in Alexa to activate all of her capabilities, including Control4.
