

THE SMART LIVING SYSTEM

Orro: The Smart Living System

The most versatile, intelligent lighting and whole home control system available for any home on any budget.

Through human-centric design and powered by learning technologies, Orro brings more ease, energy efficiency and wellness into your life with its adaptive lighting and simple-to-use whole home control experience. All housed in a beautifully designed switch that blends into your home.

Each Orro switch automatically responds to your presence and the natural light in your home, making sure the lights are always at the perfect level. Use the Orro One switch or the Orro app to quickly control all of your connected home devices, unlocking the full power of your smart home.

SMART LIVING, SMART INVESTMENT

Make every home you build a smart home for as little as a few hundred dollars.

EASY INSTALLATION

Orro installs in minutes in place of any standard dimmer or switch. No hubs or custom wiring needed.

PRESENCE DETECTION

Built-in sensors that detect motion & sound to understand room activity.

ENERGY SAVINGS

Save energy and money by letting Orro take care of your lights and light the space only when needed.

SUPPORTED BRANDS

The Orro Switches

With its two switches, Orro offers both simplicity and versatility. Never think about your lights again with Orro.

The Orro One

The most intelligent, powerful light switch available. Brings adaptive, automatic lighting and easy-to-use home control into any space in a beautifully designed switch that blends into your home.

MSRP: \$299
