Motion Sensor 360 Insert Style

Axxess industries

OVERVIEW

The Axxess Motion Sensor 360 Insert Style supports all motion dependent functions, including lighting, security, occupancy detection and energy management.

Upon detecting people moving in a space, it communicates that event wirelessly on a programmed schedule.

The low-profile bezel is less than 1/8" thick resulting in an unobtrusive and clean looking installation. Utilizing a simple mounting system, the Motion Sensor 360 Insert Style installs in seconds and enables quick removal.

The Motion Sensor 360 Insert Style can be combined with our Wireless Contact Switch to reliably determine occupancy status of a room. This is vital information for a variety of systems, including energy management, helping our environment while improving your bottom line.

Motion Sensor 360 Insert Style

USES

- Energy management
- Security systems
- Automatic lights
- Home & office automation
- Ambient light measurement

WIRELESS

ZigBee PRO Compatible (802.15.4)
Drivers Downloadable
Control4 Compatible

COMPLIANCE/APPROVALS

FCC Part 15 | CE

POWER

LV power: 6.5-24V 50/60 Hz AC/DC

MOTION SENSOR

- PIR motion sensor (quad element ambient effect reduction)
- Viewing Angle: 360°
- Effective coverage: 27'+ diameter for 8' ceiling height, longer range for higher ceilings.
